the jurisdiction within 120 days of the disaster occurrence. When a Governor certifies with respect to a drought or to below average water levels, the supporting documentation must include findings which show that conditions during the incident period meet or exceed the U.S. Drought Monitor (USDM) standard of “severe” (Intensity level D-2 to D-4). The USDM may be found at <http://drought.unl.edu/dm/monitor>. With respect to below average water levels, the supplementary information accompanying the certification must include findings which establish long-term average water levels based on recorded historical data, show that current water levels are below long-term average levels, and demonstrate that economic injury has occurred as a direct result of the low water levels. Not later than 30 days after SBA receives a certification by a Governor, it shall respond in writing with its decision and its reasons.

(b) SBA publishes notice of any disaster declaration in the FEDERAL REGISTER. The published notice will identify the kinds of assistance available, the date and nature of the disaster, and the deadline and location for filing loan applications. Additionally, SBA will use the local media to inform potential loan applicants where to obtain loan applications and otherwise to assist victims in applying for disaster loans. SBA will accept applications after the announced deadline only when SBA determines that the late filing resulted from substantial causes beyond the control of the applicant.

### § 123.4 What is a disaster area and why is it important?

Each disaster declaration defines the geographical areas affected by the disaster. Only those victims located in the declared disaster area are eligible to apply for SBA disaster loans. When the President declares a major disaster, the Federal Emergency Management Agency defines the disaster area. In major disasters, economic injury disaster loans and IDAP loans may be made for victims in contiguous coun-

ties or other political subdivisions, provided, however that with respect to major disasters which authorize public assistance only, SBA shall not make economic injury disaster or IDAP loans in counties contiguous to the disaster area. Disaster declarations issued by the Administrator of SBA include contiguous counties for both physical, economic injury and, in some cases, IDAP assistance. Contiguous counties or other political subdivisions are those land areas which abut the land area of the declared disaster area without geographic separation other than by a minor body of water, not to exceed one mile between the land areas of such counties.

### § 123.5 What kinds of loans are available?

(a) *Disaster loans authorized under Section 7(b)*. SBA offers four kinds of disaster loans as authorized by Section 7(b) of the Small Business Act: Physical disaster home loans, physical disaster business loans, economic injury disaster business loans, and Military Reservist EIDL loans. SBA makes these loans directly or in participation with a financial institution. If a disaster loan authorized under Section 7(b) is made in participation with a financial institution, SBA's share in that loan may not exceed 90 percent.

(b) *IDAP loans*. SBA also offers IDAP loans as authorized by Section 42 of the Small Business Act. SBA makes these interim guaranteed disaster loans to small businesses only in participation with a financial institution. SBA's share in an IDAP loan is equal to 85 percent.

### § 123.6 What does SBA look for when considering a disaster loan applicant?

There must be reasonable assurance that you can repay your loan based on SBA's analysis of your credit or your personal or business cash flow, and you must also have satisfactory character. SBA will not make a loan to you if repayment depends upon the sale of collateral through foreclosure or any

other disposition of assets owned by you. SBA is prohibited by statute from making a loan to you if you are engaged in the production or distribution of any product or service that has been determined to be obscene by a court.

[61 FR 3304, Jan. 31, 1996, as amended at 79 FR 22862, Apr. 25, 2014]

### **§ 123.7 Are there restrictions on how disaster loans can be used?**

You must use disaster loans to restore or replace your primary home (including a mobile home used as a primary residence) and your personal or business property as nearly as possible to their condition before the disaster occurred, and within certain limits, to protect damaged or destroyed real property from possible future similar disasters.

### **§ 123.8 Does SBA charge any fees for obtaining a disaster loan?**

SBA does not charge points, closing, or servicing fees on any disaster loan authorized under Section 7(b). You will be responsible for payment of any closing costs owed to third parties on these loans, such as recording fees and title insurance premiums. If your loan is made under Section 7(b) in participation with a financial institution, SBA will charge a guarantee fee to the financial institution, which then may recover the guarantee fee from you. SBA does not charge a guarantee fee for an IDAP loan made under Section 42.

[75 FR 60598, Oct. 1, 2010]

### **§ 123.9 What happens if I don't use loan proceeds for the intended purpose?**

(a) For disaster loans authorized under Section 7(b), when SBA approves each application, it issues a loan authorization which specifies the amount of the loan, repayment terms, any collateral requirements, and the permitted use of loan proceeds. If you wrongfully misapply the proceeds of a disaster loan authorized under Section 7(b), you will be liable to SBA for one and one-half times the proceeds disbursed to you as of the date SBA learns of your wrongful misapplication. Wrongful misapplication means the willful use of any loan proceeds without SBA approval contrary to the loan

authorization. If you fail to use loan proceeds for authorized purposes for 60 days or more after receiving a loan disbursement check, such non-use also is considered a wrongful misapplication of the proceeds.

(b) If SBA learns that you may have misapplied your loan proceeds from a disaster loan authorized under Section 7(b), SBA will notify you at your last known address, by certified mail, return receipt requested. You will be given at least 30 days to submit to SBA evidence that you have not misapplied the loan proceeds or that you have corrected any such misapplication. Any failure to respond in time will be considered an admission that you misapplied the proceeds. If SBA finds a wrongful misapplication, it will cancel any undisbursed loan proceeds, call the loan, and begin collection measures to collect your outstanding loan balance and the civil penalty.

(c) If you misapply loan proceeds of any disaster loan under this Part, including an IDAP loan, you may face criminal prosecution or civil or administrative action.

[61 FR 3304, Jan. 31, 1996, as amended at 75 FR 60598, Oct. 1, 2010]

### **§ 123.10 What happens if I cannot use my insurance proceeds to make repairs?**

If you must pay insurance proceeds to the holder of a recorded lien or encumbrance against your damaged property instead of using them to make repairs, you may apply to SBA for the full amount needed to make such repairs. If you voluntarily pay insurance proceeds to a recorded lienholder, your loan eligibility is reduced by the amount of the voluntary payment.

### **§ 123.11 Does SBA require collateral for any of its disaster loans?**

(a) When collateral is not required:

(1) *Economic injury disaster loans.* Generally, SBA will not require that you pledge collateral to secure an economic injury disaster loan of \$25,000 or less.

(2) *Physical disaster home and physical disaster business loans.* SBA will not require that you pledge collateral to secure a physical disaster home or physical disaster business loan of \$14,000 or
